Roaster Bob's Amazing Coffee Facts

-  A mature coffee tree will produce one to two pounds of coffee per year.
-  Bach wrote the coffee cantata in 1732.
-  Coffee may help prevent cavities. Roasted coffee contains anti-bacterial agents that work against microorganisms that cause cavities.
-  Coffee was first used as "pack" food by Ethiopian tribes. The beans were wrapped in animal fat and carried when on raiding parties or when going to visit the mother-in-law.

The Write Recipe

Using your most poetic burnt umber, chocolaty descriptions, write down a desert recipe that uses coffee. Send to writersrisingup@mn.rr.com with name, community, phone and email. Selected work will be considered for publication in future digests. No attachments please.

Submissions for Common Grounds Calendar:

Share a moment and savor the brew by writing down a rhyme or verse of no more than four to six lines about a coffee break, your favorite aromatic drink, the best place to have a cup.

Send submissions to: writersrisingup@mn.rr.com. Include your name, community, phone number and email. Selected work will be published in a 18 month calendar and be considered for publication in future digests. No attachments please.

EVENTS SCHEDULE When?

The second Thursday of every month.

Time?
7:30 p.m to 9:30 p.m.

What Days?

November 13, 2003
December 11, 2003
January 8, 2004

Ask Barista Betty!

A pound of Dunn Bros Coffee simply by answering a question? Test your coffee acumen by filling out the forms at the bottom of the page. Drop tear offs, one per month, per person, in the Ask Barista Betty! display at the Eden Prairie location only.
